

PN. 304005, 304328 COMET 3 CUTTING ATTACHMENT

The COMET 3 Cutting Attachment is used in conjunction with the COMET 3 Blowpipe and is suitable for hand cutting, sheet metal cutting, rivet cutting, heating and gouging.

SKU:304005,304328

Fuel gas type	All
Cutting Capacity	up to 150mm
Cutting Nozzles	Type 41 & 44
Weight	663g

PN. 304001 COMET 3 BLOWPIPE 5/8"

The COMET 3 blowpipe, when used with appropriate attachments, is suitable for fusion welding, braze welding, brazing, soldering, heating, hand cutting, sheet metal cutting, rivet cutting, powder facing and flame cleaning.

SKU:304001,

Fuel Type	All
Connections	5/8" - 18UNF
Weight	620g

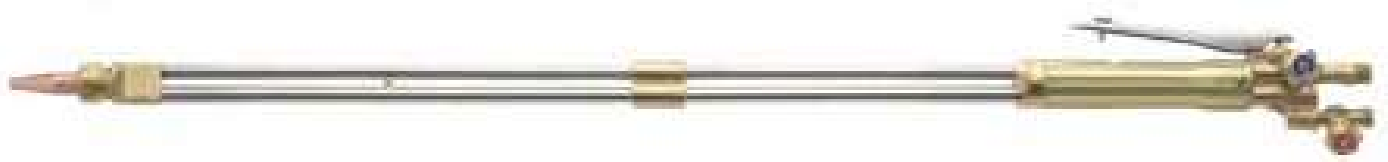

PN. 304198 COMET 3 BLOWPIPE 9/16"

The COMET 3 blowpipe, when used with appropriate attachments, is suitable for fusion welding, braze welding, brazing, soldering, heating, hand cutting, sheet metal cutting, rivet cutting, powder facing and flame cleaning.

SKU:304198

Fuel Type	All
Connections	9/16" - 18UNF
Weight	620g

PN. 304143 COMET MULTI-PURPOSE 3 CUTTING TORCH 5/8"

The COMET Multi-Purpose 3 Cutting Torch can be used in a wide variety of heavy industrial applications that include heavy duty cutting, gouging, steel construction, foundry, demolition and scrap cutting. A universal multi-fuel mixer allows the torch to operate with Oxy/Acet, Oxy/LPG & Oxy/ Natural gas without the need to change the mixer.

Handle	Brass
Length	920mm
Head	180 degrees
Cutting Capacity	up to 300mm
Cutting Nozzles	Type 41 and 44
Connections	5/8"-18 UNF
Weight	1.8kg

PN. 304141 COMET MULTI-PURPOSE 3 CUTTING TORCH 5/8"

The COMET Multi-Purpose 3 Cutting Torch can be used in a wide variety of heavy industrial applications that include heavy duty cutting, gouging, steel construction, foundry, demolition and scrap cutting. A universal multi-fuel mixer allows the torch to operate with Oxy/Acet, Oxy/LPG & Oxy/ Natural gas without the need to change the mixer.

Handle	Brass
Length	520mm
Head	90 degrees
Cutting Capacity	up to 300mm
Cutting Nozzles	Type 41 and 44
Connections	5/8"-18 UNF
Weight	1.6kg

PN. 204034, 204034-5/8, 204034-9/16

CUTSKILL ST250 STRAIGHT TORCH (3/8"), (5/8"), (9/16")

The Cigweld CutSkill ST250 Straight Torch offers exceptional value for money whilst providing excellent performance for cutting and gouging applications. The ST250 Straight Torch is suitable for use with Oxy/Acetylene or Oxy/LPG and has a cutting capacity up to 250mm. Like the entire range of CIGWELD's gas equipment these torches are manufactured to stringent internal engineering standards, ensuring a quality product for the discerning buyer

Cutting Capacity	up to 250mm
Cutting Nozzles	3/8", 5/8" , 9/16" -18 UNF
Weight	J-series 3 Seat
Weight	1.17kg
