

PN. 304166 COMET 3 MIXER – TYPE 574 – HEATING

COMET 3 Type 574 mixer is an injector mixer used for heating with Oxy/LPG, Oxy/Natural gas combinations, in heavy duty high flow applications. For use with SHP3 and SHP4 heating tips only.

Welding Capacity	N/A
Heating output	840 MJ/HR
Weight	278g

PN. 304003 COMET 3 MIXER – TYPE 570 – HEATING

COMET 3 Type 570 mixer is used for heating with all Oxy/Fuel gas type combinations

Welding Capacity	N/A
Heating output	420 MJ/HR
Weight	163g

PN. 304002 COMET 3 MIXER – TYPE 550 –WELDING/HEATING

COMET 3 Type 550 mixer is used for welding and light heating with all Oxy/Fuel gas type combinations

Fuel gas type	all
Welding Capacity	up to 25mm
Heating output	180 MJ/HR
Weight	165g
